2. Master of Business Administration (Executive)

2.1 Special Features of the Course

Today’s competitive, changing, and challenging world requires versatile executives with a strong base of functional knowledge along with a strong general management perspective. S P Jain’s MBA (Executive) Course focuses on building ‘Professionals’ who would Master the ‘Art and Science’ of business administration within a complex global environment.

The School is passionate about developing and honing the managerial knowledge and skills of its students, and to see this happen, S P Jain offers a host of courses which are relevant, practical, knowledge packed, creative and customised. The Course is designed in a way that induces the students to ‘think’, ask the ‘right’ questions, analyse, work in teams, communicate professionally, be innovative, proactive, open minded and carry a positive attitude. In short, all the attributes of becoming a future leader.

The Course focuses not only on knowledge but also on ‘transforming’ students to appreciate, accept and adapt to different cultures, different business environments, different markets, different cost structures, and to get ‘comfortable’ in taking decisions which may be difficult.

- **Career Adaption:** Students will be able to adapt their careers according to their changing career strategy over time e.g. transitioning from a manager to a leader and moving from a corporate position to starting a business venture etc. Therefore, having an EMBA would help the inherent flexibility throughout an individual’s career.

- **Strategic Thinking:** The Program develops the students' high order strategic thinking competence. Students need to be a combination of left brain (logical) and right brain (creative) thinkers.

- **Business Acumen:** Students will have the ability of making business decisions within a context of ambiguity and sometimes limited and perhaps conflicting data. They need to develop better business judgment based upon calculations of probabilities.
• **Value Creation:** An EMBA should demonstrate the ability of students to create value for their organisations. This could be achieved by the students undertaking several applied projects throughout their studies and building up a portfolio of projects to accompany their CV. Students might be able to quantitatively and qualitatively estimate the value of their completed applied projects.

• **Entrepreneurship:** The program focuses upon the development of entrepreneurial skills including students investigating the feasibility of starting up their own ventures.

• **Implementation:** Students will be able to demonstrate that they can make change happen including implementing projects and strategy.

• **Flexibility/Customisation:** EMBA incorporates an element of individualised customised learning into the curriculum. This is accomplished by the ECAP (Executive Career Acceleration Pathway).

• **New Wave:** The potential impact of emerging technologies is best addressed across courses and throughout the curriculum.

### 2.1.1 Executive Career Acceleration Pathway (ECAP)

The objective of the Executive Career Acceleration Pathway (ECAP) is development of relevant critical professional and interpersonal skills that facilitate student's career growth. The Unit allows each student to develop and follow an individualised learning path which caters to their individual career aspirations needs.

Essentially, there are four different components within ECAP:

- Individual Career Planning Sessions
- Specialist workshops (Group/Individual)
- Events and Corporate Interface Sessions
- The SP Jain Toastmaster Club (Applicable to On-Campus Students)

Students must attend at least 10 ECAP Workshops/Events linking to an individual Learning Journal. ECAP delivery across Term 1, 2 and 3.
2.1.2 Projects

Global Strategy Immersion Project (GSIP)

The Global Strategy Immersion Project aims to prepare students to work in groups to plan, organize, collect data, and strategically analyse a global company in both a logical fact-based way as well as in a creative and solutions focused manner. This course also involves exploring and examining the role of a consultant working with a client.

This group project enables groups of students to analyse a global company in-depth within its operating environment. This includes recommending and justifying strategies for the company going forward in the short, medium, and long term regarding a country entry strategy. This will also include a detailed implementation plan. Overall, student groups will be undertaking a consulting type project and communicating the findings (as if) to the Senior Executives of their chosen company.

In sum, a high-quality strategic project is expected to be produced under the facilitated guidance of an academic mentor throughout the GSIP process.

Applied Strategic Project (ASP)

Applied Strategic Project is directed towards creating a greater understanding of the real-world corporate environment. The idea is to provide an opportunity for applying concepts in a practical context, thus influencing management practices through an investigation of an important business issue facing the organization.

An in-house faculty academic manager and an external industry mentor guide the research project. It has multiple evaluation components such as literature reviews, primary research, viva, presentations, reports etc. The students’ endeavour is to create ‘Consultant-class’ reports to provide actionable strategic directions for an organisation.

Each student will carry out the Applied Strategic Project study in two stages: Proposal (2 credit), and the Study (3 credits). The objective is to ensure that a student has proper clarity on the scope and objectives of the study before conducting research and preparing the final report. There will be two viva voces, the first after submitting the synopsis, and the second after submitting the final study report. It is important that the external industry mentor be involved in a significant manner including attending and participating in both the viva voces. It is believed that this two-stage process availing the support of the industry mentor will enhance the
The whole project is structured in such a manner that the students first gain knowledge, functional and cross-functional understanding, and subsequently apply the knowledge to a specific organisation.

Note: If a student is unable to start the ASP with their batch, they can seek extension to do it with the next batch and that is subject to approval from the Dean / Assistant Dean.

2.1.3 Mini-Project at Work (MPAW)

Effective problem-solving and decision-making are critically important for all organizations. The Mini-Projects at Work (MPAW) assessments within Core and Elective units will enable students to investigate topics which are intended to result in much practical value for their employer organization and/or themselves personally.

2.1.4 Multimedia Business Simulations

Today, businesses operate under conditions of high risk, complexity, and unpredictability. In this scenario, it is important for business leaders to understand the many intricacies of the business world and prepare for them in a focused manner. At S P Jain, computer-aided business simulations are used extensively in our state-of-the-art Simulation Centres to enable student to practice and sharpen their real world and decision-making skills in an innovative, risk-free environment.

2.1.5 Faculty

Our community of international faculty is dedicated to creating an engaging, rigorous, and practical educational experience for students. Students will learn new knowledge about business, inspiring them to appreciate, accept and adapt to working in rapidly changing business environment. Students will also gain confidence in making decisions. Subjects are relevant, developed with the latest content, and designed to inspire students to find creative and innovative ways to apply the knowledge acquired.

3.8 Pedagogy

S P Jain’s MBA (Executive) is a rigorous course where the onus of learning would rest with the participants. The course is predicated on the Kolb Learning Cycle and the interaction between theory and practice. A lot of effort needs to be put in to prepare for each session. The preparation may include reading of articles, case studies, videos, discussions in peer groups and the collection and analysis of data etc. Such preparation leads to effective class participation and learning. It reinforces the School’s belief in education as a shared experience.

Every course has various evaluation components such as Class Contribution, MPAW (Mini-Project at Work), Quizzes, Individual / Group Assignments, End Term Examination, etc. The subject / unit faculty determines the assessment items for each subject/unit in concurrence with the Dean, based on the overall guidelines of S P Jain.

4. Assessments

A range of well-thought and planned ongoing assessment methods and tools have been used in the design of each unit towards providing adequate assurance of the unit learning outcomes and the overall alignment of the assessments to achieve the course learning outcomes. Each unit at S P Jain is designed to help students achieve the prescribed learning outcomes as well as develop essential academic and professional skills such as writing, editing, research, analysis, listening and teamwork. The overall assessment regime has been approved by and is continuously monitored by the School’s Academic Board.
Beside specific classroom activities (formative assessment), most of the assessments are summative. Assignments are both individual and group-based, varying across units. The assessment criteria are designed to gauge the intended learning outcomes of the unit.

Students will receive timely and constructive feedback on all progressive forms of assessment to assist their learning and preparation for future assessment. All assessment results will be held in the School records system on PeopleSoft.

S P Jain has engaged several quality assurances, moderation, and validation measures to ensure its assessment processes are fair and accurate. The Dean / Course Director coordinates references to external committees, including professional industry experts, leading academics from other institutions review these measures, as well as benchmarking against institutions of similar standing to S P Jain and validation through our own Academic Board.

At the end of each term students will be required to provide feedback on unit content and academic staff performance, and any feedback on the form and effectiveness of unit assessments is welcome at that time.

### 4.1 Individual and Group Assignments

Consistent feedback from employers confirms their strong expectation that graduates have highly developed teamwork skills. S P Jain recognises this, and students will gain knowledge on the dynamics of good teamwork as well as having many opportunities to practice and refine their skills.

Assignments may be designed for either individuals or groups. Normally, the outcome of an assigned task will be summarised in three or four typewritten pages. If exhibits, project reports or models are constructed, these are to be explained within the page limit. A lecturer will assess an assignment more highly where the topic is treated in depth and statements are well documented, as opposed to a superficial treatment and data-free conclusions. When an individual or group selects the topic for the assignment, the choice of topic is an important consideration in the assessment.

The assignment will be expected to include a specific statement concerning the topic, the reason for choosing that topic, as well as an in-depth analysis of the topic. It will end with a set of conclusions drawn from the analysis and the reasons for these conclusions. In most units where group work is prescribed, there may be an element of peer evaluation in the overall assessment scheme. This element will be moderated by the lecturer to limit dysfunctionality and bias. Where an assessment comprises an individual and group presentation, students must attend and take part in the presentation for a mark to be allocated. Individual and Group Assignments typically comprise 20-30% of the overall unit assessment.
4.2 Quizzes and Exams
Quizzes are impromptu tests comprising short-answer or multiple-choice questions based on material from lectures, readings or discussion groups, and will commence early in each term.

Students usually take written/soft copy, invigilated individual examinations at the end of the term. There is typically a final exam for every unit. However, this may not always be the case as some simulation courses do not include a final exam. Around 25% - 45% of a course evaluation could be assigned to end term examinations. The exams typically include short essay responses to material covered in lectures or readings.

An end term exam is designed in a way that encourages a student to apply the learning from the course in a real or simulated environment. It could be a case based, application-oriented exam or it might be just questions specific. The end term exam would test the ability of a student to analyse a situation given the available facts and figures, decide which framework or tool to be used, take decisions, and bring out practical and innovative solutions.

It is up to individual Faculty for a course to choose whether they set an open book exam or a closed book exam for their course. The general policy at S P Jain is to allow both (as per the typical policy at most Business Schools). Consequently, the exam format for a course may change from Faculty to Faculty and from Batch to Batch whether at a particular campus as well as across campuses.

4.3 Class Contribution
In corporate life, business managers interact with others mostly orally and spend relatively less time reading or writing reports. For this reason, oral skills are given a high priority at S P Jain. The classroom is a laboratory where students practice persuading their peers on the correctness of their approach to a topic. This style of teaching fosters a discovery-driven mindset and builds skills. Most units have 15% - 30% of their evaluation based on class contribution. Some characteristics of effective class participation include:

- Points made are helpful in increasing understanding.
- Comments consider ideas offered by others.
- Comments show evidence of a thorough reading and analysis of the case.
- The participant distinguishes among different kinds of data such as, facts, opinions, assumptions, and inferences.
- Points illustrate a willingness to test new ideas.
- The participant interacts with other members of the class by asking questions and challenging conclusions.
• Comments are concise, accurate, relevant and timely (CART)

4.4 Mini-Project at Work (MPAW)
Almost all the Elective and Course subjects would have 20% – 50% of their evaluation assigned to Mini-Project at Work (MPAW).

MPAW is an important feature to encourage the participants, to bring a ‘problem at work’ into the classroom and take back a solution. The methodology is as follows.

Participants in a class will be challenged to frame and articulate a problem at their work environment. The faculty will sift through the problems and select one or more to be assigned as a group exercise. The members in each group will debate, identify and evaluate alternatives for arriving at a viable solution for the organization in question. Each team will also think through about how it wishes to implement the recommendation. The key objective of such exercises is to provoke students’ critical thinking as well as hone problem solving skills. The intent is to enhance the applicability of the learning and the relevance of the curriculum. All-in-all, this is meant to be a very value adding assessment.

4.5 Case Study Analysis
Case studies form an important part of class learning and ideally teach students to think and provide real life and interesting contexts to consider. Case study discussions can generate discussion on new ideas and strategies. There is no one right answer to any case and they can be considered from different points of view.

Students should be able to relate a case to the organizations they are familiar with. The use of case studies requires good listening skills, effective ways of communicating, being creative, clear articulation, and the skill of providing a solution in a short and precise manner with a good supporting rationale.

4.6 Applied Strategic Project (ASP)

1. Students have 8 months to complete their ASP from the date of their Batch ASP Orientation (the 8 months have been chosen as this timing fits with the longer Singapore ABR timings / deadlines). The ASP will 'officially' start on the date of Orientation.

2. If the ASP is not completed by this date, students will be charged an additional 4 credit point fee for the ASP. They will then have another 3 months to complete the ASP (i.e. a total of 11
months from the date of their Batch ASP Orientation). Delayed submissions will be charged a late fee.

3. If the ASP is still not submitted within a total of 11 months from the date of their Batch ASP Orientation, they will be deemed to have failed the ASP. Permission to re-continue (and again being charged an additional 4 credit point fee) can only be given by the Dean who will evaluate students on a case-by-case basis.

4.7 Assessment Submission
Assignments must be turned in on time. Extensions for deadlines may be granted only in extreme circumstances. The decision to grant or refuse an extension is made by the faculty in coordination with the MBA(Executive) Course Office. Requesting an extension does not guarantee that it will be granted. Every assignment, whether as hard or soft copy, must use the appropriate front-page template. Every Individual assignment should be saved by the student Roll no and every group Assignment by their group number. Assignments saved otherwise and without front page details will not be accepted. Students will receive a soft copy of the template via email from the Course Office.

Processes and Guidelines for Plagiarism control for all soft copy submissions
This policy applies to all electronic submissions e.g. DOCX, DOC, PDF, TXT, ODT, ZIP, RTF, Excel, PowerPoint, HTML and HTM files by all students while enrolled at the S P Jain.

All electronic assignment submissions will need to be verified through the Turnitin plagiarism software. Students should keep a copy of every assignment they submit.

4.8 Release of Academic Results
All grades are posted on Peoplesoft, including progressive assessment results posted by academic faculty. Each student’s interim mark for the final assessment will be posted by Program Office and overall course grade will be posted on Peoplesoft by the Office of exams following submission of final assessment marks by academic faculty and subsequent progression through moderation and validation processes and Examination Board review. Final grades are declared after ratification by Academic Board. In the unlikely event of any changes to interim grades, these will be advised to students by the Dean. CGPA is also made available through Peoplesoft.

4.9 Assessment Practices and Guidelines

- the nature and extent of concepts, thinking processes, skills and attributes, including graduate attributes being assessed;
- the level of the unit; and
- the mode of study.

c. Assessment should be reliable, meaning that teaching staff and curriculum planners regularly evaluate each assessment task to ensure its reliability in providing accurate and consistent information about student performance.

d. Assessment should be fair and equitable, meaning that:

- all students will be provided with adequate and appropriate learning opportunities throughout a unit to enable them to demonstrate their knowledge, thinking processes, skills and attributes, including graduate attributes through the set assessment tasks
- all students will be informed at the start of each course about the assessment tasks associated with a unit, and the assessment criteria for each assessment item
- when marking assessment tasks, all judgments about achievement will be made against stated assessment rubrics
- moderation processes will be an integral part of the assessment system for each unit where multiple markers are involved to ensure fair and equitable marking and grading of assessment tasks and maintenance of standards
- processes and practices that are part of the assessment system for any student will be transparent to teaching staff and the students
- assessment systems will be reviewed as part of regular unit reviews

4.10 Conduct of Examinations

All examination arrangements are handled by the MBA (Executive) Course Office. Exams may be held during the day, in the evenings or even on weekends, and a student should check the examination schedule carefully.

- Students are not permitted to approach the faculty directly to reschedule exams or to make special accommodations. Any rescheduling request needs to be submitted in writing to the MBA (Executive) Course Office, clearly stating the reasons for such a request and detailing any requests for special assistance. Only in the direst circumstances, such as a medical emergency, will students be permitted to reschedule a final exam. In that case, the rescheduled exam will take place the next time along with
students taking the retest papers.

6. Attendance Requirements

Courses offered at S P Jain are intensive. Contribution in classes, tutorials and any group activity is an important part of the educational experience. Daily class attendance is therefore required of all students.

This requirement formalises the reciprocal responsibilities between students and faculty to be fully prepared for class and to contribute to joint learning. The success of a course depends upon regular class contribution by all students. This, in turn, depends crucially upon regular attendance by all students in all classes. Students’ grades will therefore be affected by their absence from classes.

- Students may not enter or exit the classroom while a session is in progress.
- Attendance for each session will be taken separately. The attendance for the first two sessions of every face-to-face (F2F) and Online (OL) subjects is compulsory. This is very important because the faculty provides a background to the subject, sets expectations, and initiates assignments etc.
- Students must be seated in the classrooms at least 5 minutes prior to the scheduled start time of the session.
- Latecomers will be considered absent for that session.
- Attendance in the first and second sessions of the first day is compulsory. If a student does not attend either of the first two sessions, he / she will not be allowed to take the course with that batch and must take it when being offered next.
- If a student is absent for 3 sessions in a course, he / she will be downgraded by a letter notch. E.g. from B+ to B or B to B-.. If absent for 4 sessions, he / she will be downgraded by 2 letter notches. E.g. from B+ to B- or B to C+.
- If a student is absent for more than 4 sessions, he / she will be delisted from the course and would need to enrol again, whenever the course is offered next.
- Serious illness / death / bereavement in the immediate family: In such unfortunate and unavoidable circumstances, the decision on attendance and evaluations will be taken by the Dean / Assistant Dean.
- It is the responsibility of the student to ensure that personal matters, which he / she claims had a bearing on his / her attendance or performance, are made known in writing to the MBA (Executive) Office ASAP, and that, where appropriate, claims are supported by medical certificates or other evidence acceptable to the institute.

- **NOTE:** The students who have been downgraded due to attendance are not eligible for retest.
Excused absences

Students who cannot attend class due to a medical illness must produce a medical certificate to have absences considered. They should also enclose photocopies of hospitalisation records of physician’s orders, if appropriate (only certificates issued by a local physician will be accepted where the student is studying). Students with infectious diseases should report their condition immediately and take all precaution to avoid spreading the infection. This could mean staying away from class or even from campus accommodation. In all such circumstances, the decision on attendance and evaluations will be taken by the Dean / Assistant Dean.

In the event of a serious illness or death in the immediate family, students should notify the MBA (Executive) Office ASAP and provide supporting documents to obtain an excused absence. In such unfortunate and difficult circumstances, the decision on attendance and evaluations will be taken by the Dean / Assistant Dean.

8.1 Student Experience and Support

At Student Experience our motto is “Journey is the reward”.

Student Experience and Enhancement is a student centric team which provides support and guidance to the students throughout their Student Life Cycle. Each of the 4 campus has a Student Experience Manager who are aptly guided by the Team Leader.
Specific strategies of the team towards support transition includes, assessing the needs and preparedness of individual student and cohorts and undertaking early assessment or review the formative feedback on academic progress and identify needs for additional support.

All the Student feedbacks are analysed and discussed with all stakeholders to address gaps or unresolved issues, both academic and non-academic. Apart from the various SE initiatives and activities like focused group feedback sessions, chat sessions, coffee or lunches with student groups, buddy programs, the team also engages with them continuously targeting improvement measures, share best practices, all to obtain a favourable learning environment. Alongside this, the student also receives support from the team using online and offline mechanisms. Student progression is tracked, and alerts of risk are raised well before time and help is provided to them to change gears and obtain success.

Every student is encouraged to optimise on each of these opportunities provided by the school and hone their skills to excel not only within the campus but also outside in the larger community.

8.2 Counselling

S P Jain has a counselling and coaching team on its campuses, staffed with a full-time and professionally qualified Student Counsellor and support staff. Students are encouraged to seek advice and support on a personal and individual basis as required during their time on campus. The team cooperates closely with academic faculty, administrative and support staff, and relevant department heads to help resolve any issues that might be impeding student progression or the enjoyment of the overall S P Jain learning experience.

The Student Counsellor will also manage a ‘buddy’ system where students new to the campuses and cities will be matched with an existing student from the prior batch to share lifestyle and study experiences. In addition, the School may contract with an external counsellor for any student needing additional services. Students needing the help of a counsellor should contact the office of the S P Jain Student Counsellor/Student Life to make an appointment. In some situations, a member of the faculty or staff may recommend that a student consult a counsellor and, with the student’s agreement, make necessary arrangements.

1. **Purpose and Scope**

This Policy provides the broad policy and framework for articulation, recognition of prior learning (RPL) and credit transfer for all the courses offered by S P Jain School of Global Management (S P Jain).

2. **Guiding Principles**

a. This policy is consistent with the Higher Education Standards Framework (Threshold Standards) 2015 and;
   i. will be applied fairly and consistently;
   ii. seeks to ensure that students have the necessary academic preparation to participate in their intended field of study, while not impeding their progression and completion; and
   iii. students granted credit transfer will not be disadvantaged in achieving the expected learning outcomes for their course of study or qualification. The granting of a credit transfer will not diminish the integrity of the course of study and the qualification awarded.

b. The objectives of the credit transfer and articulation policy are to:
   i. Provide students due credit for demonstrated prior learning and outcomes in line with the requirements of each course of study
   ii. Assist mobility of students eligible to transfer between courses within the School and to other institutions
   iii. Institute clear guidelines and processes for determining credit transfer and
articulation to and from the courses without compromising the integrity of each course
iv. Ensure standards and integrity of the credit transfer arrangements.
3. Definitions

As defined in TEQSA’s guidance notes and glossary of terms:

a. Credit is a benefit provided to a student by waiving one or more of the normal requirements for completion of a course of study, such as not having to complete a particular unit of study. Credit is obtained on the basis of evidence that the student has already undertaken and can demonstrate learning that is deemed to be equivalent to level and nature of the parts of the course of study for which credit has been granted.

b. Credit transfer is a process grounded in evidence-based academic judgement that provides students with agreed and consistent credit outcomes for completed components of a course of study based on identified equivalence in content and learning outcomes between equivalent courses of study.

c. Credit arrangements are formal negotiated agreements within and between issuing organisations or accrediting authorities and are about students’ entitlement to credit. They may also be formal arrangements made between issuing organisations and students. Credit can be given in the form of block, specified or unspecified credit.

4. Admissions

a. Admission to the School will be based on the “Admissions Policy” as amended from time to time. The Admissions Policy only defines the eligibility criteria for applying for admissions and does not guarantee an offer for admission.

5. Granting of Credit

a. Student Transfers from other institutions
   i. The School may consider granting credit when the content and standard of a subject and learning outcomes is identical with, or similar to, that of a prescribed subject at the same AQF level for which credit is being sought.
   ii. A student must have obtained at least a passing grade in the subject submitted for credit transfer consideration and where letter grades are used, have obtained at least a ‘C’ grade.
   iii. Grades for the credit granted will not be included in the S P Jain transcript and will not be considered for the purpose of calculating the cumulative grade point average (CGPA). Details of credit granted will be recorded in the transcript with a grade of E (indicating exemption).

b. Transfer of Credit for subjects undertaken by S P Jain undergraduate students at an Exchange Partner School.
   i. S P Jain has signed Memoranda of Agreement (MoA) with a number of educational institutions for student exchange programs at the undergraduate
level.

ii. These MoAs are broad in nature and without any reference to any specific course(s) and subject(s) level articulation agreements. In the cases where a student of S P Jain decides to undertake a semester or academic year with an Exchange Partner School, the selection of the units of study eligible for credit transfer will be done on a case-by-case basis.

iii. In all such subjects/instances, the grades for the credits granted will not be included in the S P Jain transcript and will not be considered when calculating the cumulative grade point average (CGPA). Details of credit granted will be recorded in the transcript with a grade of E (indicating exemption).

c. **Internal Articulation and Credit Transfer**

i. The School may consider granting internal credit on a case-by-case basis when the content and standard of a subject and learning outcomes are identical with, or similar to, that of a prescribed subject for which credit is being sought.

ii. A student must have obtained at least a passing grade in the subject submitted for credit transfer consideration.

iii. In all such subjects, the grades for the credits granted will be included in the S P Jain transcript and will be considered for the purpose of calculating the cumulative grade point average (CGPA).

d. **Articulation agreements for specific credit arrangements with other institutions**

i. While currently the School does not have any specific credit arrangement with other educational institutions, any such agreements proposed in future will need to be approved by the Academic Board.

6. **Credit Limits**

a. To be eligible for the award of the MBA degree at S P Jain, the number of credit units for which transfer of credit is granted must not exceed 20% of the total credit units prescribed for the course.

b. In case the Student is seeking a credit transfer from the MGB to MBA (Global) course, this will be no more that 33% of the total credit units prescribed for the course.

c. To be eligible for an award of degrees at S P Jain, the course-specific guidelines may specify a maximum number of units for which transfer of credit may be granted. This must not exceed 50% of the total credit units prescribed for the course.

7. **Time Limit for Credit transfers**
a. Credit transfers will only be considered for a unit that has been completed within 5 years of the date of receipt of the application for credit transfer.
b. A credit cannot be granted for subjects completed more than 5 years prior to the receipt of an application for credit transfer.

8. Applications for Credit Transfer from Other Institutions
a. Students, who seek to transfer credit from another educational institution to a course at S P Jain, shall submit a written application to the Registrar with details of the subjects for which credit is sought.
b. The application will be supported by the student’s academic record and a detailed explanation, which includes a description of the course, subject outline, number of teaching hours, learning outcomes, hours studied, prescribed text books, grades achieved, and the grading scale used at that institution.
c. The application will have to be submitted within the stipulated date (as advised) prior to the commencement of the term/semester during which credit is sought.

9. Refusal of Credit
a. If an application is misleading or invalid due to errors, the School reserves the right to refuse to grant credit.
b. A refusal to grant credit will be determined by the respective Course Director (Dean), and Vice President – Administration/Registrar.

10. Approval of Credit
a. All applications for transfer of credit will be reviewed and approved by the Registrar in consultation with the Course Director (Dean) and Vice President - Administration, if required.
b. Credit through recognition of prior learning will be considered only if the Course Director (Dean), Vice President – Administration/Registrar are satisfied that:
   i. students granted such credit are not disadvantaged in achieving the expected learning outcomes for the course of study or qualification,
   ii. the learning outcomes demonstrated through prior learning are broadly equivalent to the learning outcomes at the appropriate discipline and qualification level of the units for which credit is being awarded, and
   iii. the integrity of S P Jain’s higher education qualifications is maintained.
c. The Registrar, Vice President - Administration and Course Director (Dean) may seek the assistance of the Area Heads or Faculty of specialised business area(s) relevant to the subjects for which credit transfer is sought.
d. Mapping of each course will be undertaken including the unit learning outcomes, the subject materials and the assessment of each course to establish whether credit can be awarded.
11. Record of Decision and Acceptance

a. All applicants will receive written notification of the outcomes of credit applications within 21 working days from the date of receipt.
b. A written acceptance by the student will be required for instances where a credit recognition is granted.
c. All credit decisions and written acceptances will be recorded and School and retained for at least two years after the student ceases to be an accepted student.
d. If the granting of credit reduces an international (overseas) student’s course length, then the assigned staff on Admissions Office must:
   i. inform the student of the reduced course duration following granting of credit
   ii. ensure the confirmation of enrolment (CoE) is issued only for the reduced duration of the course
   iii. report any change in course duration in PRISMS if course credit is granted after the overseas student’s visa is granted.

12. Appeals

a. Applicants who are dissatisfied with an administrative decision pertaining to a credit transfer request may lodge an appeal against that decision pursuant to the School’s ‘Student Grievance and Mediation Policy and Procedures’.

13. Course Level Guidelines

a. Within this broad policy framework, detailed credit transfer and articulation guidelines and procedures will be developed for each course.

1. **Scope**

This policy applies to international students studying at S P Jain School of Global Management (S P Jain) in Australia under the Australian student visa system administered by the Department of Home Affairs and regulated under the ESOS Framework. This policy sets out the process for international students in Australia seeking to transfer to or from another registered provider. This policy does not apply to students studying at S P Jain campuses outside Australia.

2. **Purpose**

The purpose of this policy is to:

a. ensure that S P Jain complies with the Education Services for Overseas Students Act 2000 (ESOS) and the requirements of Standard 7 of the National Code of Practice 2018 (NC18) for administering requests from international students holding an Australian student visa seeking a transfer between Australian registered providers onshore in Australia.

b. provide information about the conditions under which S P Jain will consider an international student’s request for a transfer to or from another registered
provider, and the procedures for students to follow in relation to changing their provider.

3. Transferring from S P Jain to another Provider

International students studying at S P Jain in Australia on a student visa are required to complete the first six months of study at the School before transferring to another registered provider. A student's current visa may be impacted if they transfer from S P Jain to another registered provider, and they should be advised to contact or seek information from Australian Government’s Department of Home Affairs website for clarification.

However, as outlined below, S P Jain will consider releasing a student for transfer to another registered provider before the first six months of study in Australia is complete, only in particular circumstances as follows:

a. Transfer before the first six months is complete

i. S P Jain will consider permitting an international student to transfer to another registered provider in Australia prior to the completion of six months of their study in certain circumstances, which may include (but is not limited to) the following:

- the international student is unable to achieve satisfactory course progress even after engaging with the strategies for improvement provided in S P Jain's Students at Risk Policy
- there are compassionate or compelling circumstances, such as the student provides evidence that he/she is under a real threat to his/her mental or physical health by remaining in the course, or provides evidence of other significant personal reasons
- S P Jain is unable to deliver the course for whatever reason
- there is evidence that current courses do not meet the international student’s reasonable expectations
- there is evidence that the international student was misled by S P Jain or an education agent acting on behalf of S P Jain and the course of study is therefore unsuitable for the student’s needs or objectives, or
- an appeal (internal or external) on another matter results in a decision or recommendation to release the international student.

ii. Government-sponsored students

Government-sponsored students will require a letter from their sponsor supporting the transfer to the new registered provider or a financial guarantee from the sponsor for the new program at the new registered provider.

iii. In accordance with ESOS National Code Standard 7, a student’s application to transfer may be refused in the following circumstances:
• they failed to read or understand the S P Jain Offer, Tuition Fee and Refund Policies.
• if a student visa was granted, they failed to enrol at S P Jain before the enrolment deadline. In this situation, they should apply to defer their offer from S P Jain
• they are planning to transfer to a standalone ELICOS program
• there is strong evidence that they have not genuinely engaged in study
• a student requires or has access to particular support services at S P Jain that will not be delivered by the new registered provider or accessible to the student following the transfer
• there are unpaid course fees for the current study period
• S P Jain finds that their supporting documents are fraudulent.

iv. Transfer process:
• Students must request a transfer in writing to the School’s Registrar.
• S P Jain will acknowledge the request within 5 working days assuming that the request is not within the restricted 6-month period.
• S P Jain’s Course Manager or a staff assigned by Registrar’s Office for this instance will meet with the student to discuss and assess their request.
• S P Jain will provide a student with a written response within 14 days from the receipt of the request for release.
• If approved, S P Jain will record the release in PRISMS. The student will also be advised to contact the Department of Home Affairs to seek advice about whether a new student visa is required.
• Records of interviews and correspondence will be documented in the student’s file and relevant information entered into PRISMS.
• All due and outstanding tuition and non-tuition fees must be paid.
• Where the student is close to completion of a subject or near the end of term, S P Jain will advise the student to complete the term, including relevant examinations.
• If the student is struggling with their academic work, S P Jain will provide additional support as part of an intervention strategy.
• S P Jain will provide relevant information on the refund of fees.
• S P Jain cannot release a student unless a letter is provided from another registered provider confirming that a valid enrolment offer has been made.
• Records of interviews and correspondence must be placed in the student’s file.

v. Where S P Jain approves the request, the release will be recorded in PRISMS as detailed in the Certificate of Entitlement (CoE) Issuance and Maintenance Policy and the student will be required to apply for a refund in line with the School’s policies for student refunds.

vi. If S P does not grant a release, the student will be advised of the reasons for refusing the request and his or her right to access the complaints and appeal.
process. S P Jain will not finalise the refusal in PRISMS until the student has been given an opportunity to access the complaints and appeals process, the student withdraws from the process, or if the process finds in favour of S P Jain.

b. Transfer after six months of principal course is complete
   i. S P Jain cannot prevent an international student from transferring to another provider after he/she has completed six months of their principal course with the School in Australia.
   ii. Transfer process:
       • Students must request a transfer in writing to the School’s Registrar.

1. **Purpose**

This policy outlines the ways in which students' tuition fees are protected in the event that S P Jain School of Global Management (S P Jain) is unable to deliver a course for which tuition fees have been paid. It outlines the alternative arrangements which will be made and the School's responsibility for the cost of any alternative or transitional arrangements in the event of provider or course default.

2. **Context**

Under Australian Government legislation international students are protected by a Tuition Protection Service (TPS). The aim of this protection is to ensure that students receive the tuition they have paid for or, as a last resort, a refund.

The legislation sets out what happens when a registered provider or an overseas student or intending overseas student defaults (that is, when a provider fails to start or finish providing a course to a student, or a student fails to start or finish a course with a provider). It establishes a universal single Tuition Protection Service (TPS) to provide a flexible and streamlined approach to student placement and refund arrangements in the event a defaulting provider does not meet its refund obligations under the ESOS Act. Students will be given an active role in selecting from suitable placement options through an online information service. Where a student does not access a placement through the placement facility provided by the TPS Director, the student may be eligible for a refund of their unexpended tuition fees from the TPS Director.
Students will be eligible for a refund of the unused portion of any prepaid tuition fees (i.e. tuition for which they have paid but which has not yet been delivered) rather than a full refund, in recognition of the fact that you may obtain credit for the study already completed.

In accordance with the Tuition Protection Framework, all Australian higher education providers, including S P Jain, may only collect pre-paid course fees up to one study period in advance. They may only collect a deposit of up to 50 per cent of the total course fee from commencing students.

S P Jain complies with all the requirements of the Tuition Protection Scheme and provides an explanation of what happens in the event of a course not being delivered in its written agreements in accordance with Standard 3 of the ESOS National Code.

3. Arrangements when a course cannot be delivered
   a. Refunds
      i. In the unlikely event that a student has accepted an offer of enrolment the School is unable to deliver the course, the student’s deposit and any tuition fees paid to date will be refunded within two weeks of the agreed starting day of the course or within two weeks from the date on which the course ceases to be provided, whichever is soonest.
      ii. In these circumstances a continuing student may request a refund of any unused portion of any prepaid tuition fees (i.e. tuition which has been paid for but which has not yet been delivered) rather than a full refund in recognition of the fact that they may obtain credit with another provider for the study already completed.
   b. Alternative course options
      i. In the event of a provider default, a commencing student may be made an offer to enroll in an alternative course if the School, at S P Jain’s expense for a cost no greater than the cost of the originally offered course of study.
      ii. This may include enrolment at another provider in the same location (Sydney, Dubai, Singapore or Mumbai) who offers a similar course to the course offered at the School. S P Jain will meet the expenses for costs no greater than the cost of the originally offered course of study. A continuing student may be offered the option of transferring to another S P Jain campus if the same or similar course is available. S P Jain will meet the expenses for costs no greater than the cost of the originally offered course of study.

b. As SafeAssign is unable to detect plagiarism case for submissions in Power Point, all Power Point submissions will also need to be submitted in PDF format and will be verified by SafeAssign.

c. In the case of large dissertations and project submissions, subject to permission by faculty/project supervisor, students will be provided an opportunity to do a draft SafeAssign submission prior to their final submission. Such draft submissions will be uploaded through ‘Learn Assignment’ option on SafeAssign and will not be updated into the SafeAssign Global Databases.

d. Since the internet will not be available for the submission of invigilated examinations, the course coordinator will collate soft copy of examination papers from BlackBoard and submit them to SafeAssign.

e. The guideline detailed in 4d will also be followed for any exceptional cases of failure in direct assignment submissions by students.

f. After assignments have been processed through SafeAssign, the faculty or designated course coordinator will analyse the percentages of matches and the text that matches existing/suspected sources to ensure that there are no cases of plagiarism as per the guidelines detailed in Attachment A, Section 4.

g. If any suspected cases of plagiarism are identified these will be dealt as detailed in the Academic Integrity Policy and Procedures.

1. **Creating automatic SafeAssign assignment submission links for student submissions on Blackboard**

   a. Course offices/faculty are required to create assignment submission links under SafeAssign for all soft copy submissions as detailed in the guidelines.

   b. To create a SafeAssign Assignment submission, link through option ‘Create Assignment’.

   c. Select Check Submissions for Plagiarism using SafeAssign. Select one or both options:

      i. Allow students to view the SafeAssign originality reports on their submissions.

      ii. Exclude all student submissions for assignment from the institutional or global reference databases.

   d. Complete the Create Assignment page and click Submit.

2. **Manual SafeAssign submissions by course offices for soft copy submissions of invigilated examinations or any exceptional cases**

   a. For the soft copy submissions of an invigilated examination after completion of the examination. The Program Coordinator is to collate all the submissions from Blackboard and submit to SafeAssign by using the ‘Direct Submit’ option.

   b. Submit Papers through Direct Submit

      i. From the Control Panel, click SafeAssign under Course Tools

      ii. Click the Direct Submit tab.

      iii. A list of Folders and papers will appear. This list includes papers already uploaded through Direct Submit. It is not recommended that files be deleted
from Direct Submit, as this will remove them from the institutional database of existing materials.

iv. Navigate to a folder where the paper or papers will be uploaded.

v. Click Submit Papers.

vi. Select Upload File and browse for the file. Individual papers as well as papers that are grouped in a ZIP package are accepted. Alternatively, select Copy/Paste Document and the document text in the field.

vii. Select the upload options.

viii. Submit as Draft: A SafeAssign report will be generated. However, the paper will not be added to the institutional database and will not be used to check other papers.

ix. Skip Plagiarism Checking: Adds the papers to the institutional database without checking for content copied from other sources. This is useful if an Instructor wants to upload papers from an earlier course to ensure that current students are not reusing work.

c. If the papers you are directly submitting include images, please note that the images must not exceed 2MB or the submission may fail.

d. All exceptional cases will also be submitted through the above procedures.

3. Creating ‘Learn Assignment’ for draft submissions of dissertations / project submissions

a. The designated Course Coordinator creates a Learn Assignment enabling SafeAssign to check the ‘Exclude Submissions’ options. Students submit their pre-final ‘draft’ works, and these submissions are not included in the Institutional or Global Databases.

b. When the final submission is expected, the Course Coordinator must unselect the ‘Exclude Submissions’ option.

c. Students submit their final works, and submissions are then included in the Institutional or Global Databases.

4. Guidelines for interpreting SafeAssign scores

a. Sentence matching scores represent the percentage probability that two phrases are the same. This number also reflects the probability that these two phrases are similar by chance. For example, a score of 90 percent means that there is a 90 percent probability that these two phrases are the same. There is a 10 percent probability that they are similar by chance and not because the submitted paper includes content from the existing source – whether appropriately attributed or not.

b. The overall SafeAssign score indicates the probability that the submitted paper contains matches to existing sources. This score is a warning indicator only. Review papers to see if the matches are properly attributed.
c. Scores below 15 percent: these papers typically include some quotes and a few common phrases or blocks of text that match other documents. Typically, these papers do not require further analysis as there is no evidence of plagiarism.

d. Scores between 15 percent and 40 percent: These papers include extensive quoted or paraphrased material, or they include plagiarism. Review these papers to determine if the matching text is properly referenced.

e. Scores over 40 percent: A very high probability exists that text in these papers was copied from other sources. These papers include quoted or paraphrased texts in excess and need to be reviewed for plagiarism.

Note: SafeAssign is now replaced with Turnitin. The respective program staff will give more hands on training about Turnitin during orientation and the course of study.

b. S P Jain academic staff will monitor, assess/co-assess and validate all Work Integrated Learning placements/internships.
c. Validation and moderation methods may include:

   i. Validation of assessment briefs
   ii. Internal and external moderation of assessment tools and activities
   iii. An assessment review panel
   iv. An independent external validator
   v. Benchmarking against evidence from other external providers of subjects at the same AQF level.

d. Select subjects from each year of a course will undergo post assessment validation and moderation every year so that all subjects within a course undergo assessment validation and moderation over a three-year period.

5. Assessment Validation and Moderation Procedure

a. The Director - Examinations develops a schedule to determine which subjects will be chosen, the timing of assessment reviews, the types of validation and moderation methods, and the timetable for assessment validation and moderation. The schedule may include the use of any other external benchmarking resources available.

b. The assessment validation and moderation process will be implemented in two stages of pre-assessment and post assessment validation as detailed below in 5.c and 5.d

c. Pre-assessment validation of assessment tasks

   i. Subject Outline Review and approval

   - All subjects/units outlines developed by the academic staff will be reviewed and approved by the Course Directors (Deans) / Area Heads as applicable, to ensure that:
     o Assessment methods and tasks are mapped appropriately and cover all subject/unit learning outcomes
     o Assessment methods and tasks are consistent and gather sufficient evidence of achievement
     o Marking criteria and rubrics meet the subject and threshold learning outcome requirements.

   ii. Validation of all Mid-term and Final examination paper /assessment

   - All Mid-term and final assessments are reviewed to ensure
     o Validity of the questions posed
     o Weighting has been correctly applied
     o Appropriate variety of questioning techniques, and
     o Content being assessed links to subject and learning outcomes.
     o Questions are not repeated in previous question paper.

d. Post-assessment moderation of assessment outcomes prior to declaration of final results/grades
i. **Review of spread of results**

- The Course office will provide to the Director - Examinations Office the raw scores for each assessment item for a subject /unit.

- If the results appear to be incongruent with prior and/or expected trends, the Director - Examinations will consult the academic staff to review the interpretation of the marking criteria used.

- Post consultation, if in the opinion of the Director - Examinations, the results still require further review then DOE will consult the Course Director (Dean) and the Registrar.

- If post moderation and consultation as detailed above, any results continue to be incongruent with prior and/or expected trends then a report will be prepared by the Director - Examinations and provided to the Examination Board for its consideration. The report will include:
  
  - Details of assessment processes and tools used
  - Any feedback from academic staff and/or students about assessments
  - Samples of graded assessments by another academic staff for the same/similar subject

- The Examination Board will assess the report and determine whether further investigation and action required.

ii. **Post declaration of result/grade declaration assessment moderation.**

- A series of activities will be undertaken at random to verify the rigour of the assessment processes which include (but are not limited to):
  
  - Moderation at the margins (final results centred around the specific grade levels – a representative sample of assessments around these borderline grades will be reviewed)
  - Multiple markers in the same subject – the distribution of the marks awarded by the multiple markers is assessed (and if there are multiple questions in the assessment, then the marks for each question) to ascertain whether there are markers who might lie outside the average or general trend
  - Random sampling – review of a number of randomly-selected examples of all the assessment types for an entire subject.
A review undertaken every year by an external reviewer in accordance with compliances and requirements of various statutory bodies. The report template includes, but is not limited to, comment on academic standards, standards of student performance, course structure and curriculum, the alignment of learning outcomes to the assessment types, teaching methods, assessment criteria and marking, grade distributions, and moderation and sampling methods.

e. The Director - Examinations will six monthly report to the Examinations Board of the post assessment moderation and validation activities as in undertaken with details of
   o formal reports received
   o areas of improvement/gaps highlighted
   o related improvement activities plan, with assigned responsibilities and completion dates
   o Update on actions undertaken from previous post assessment and moderation activities

6. Grading procedures

a. The Campus Course Office will provide all completed assessments and examination answer scripts to the relevant academic staff for marking.

b. On receipt of the relevant marked assessments and examination scripts the Campus Course Offices will collate all the marks for all assessments for each subject and forward the collated raw marksheet to the Director - Examinations Office for grading.

c. Post moderation and validation, the Director - Examinations Office will submit the provisional grades to the Examination Board for approval.

d. On receipt of approval from the Examination Board, the Director - Examinations Office will upload the grades on Peoplesoft/BlackBoard for future reference of Campus Course Offices and Registrar’s office.

e. The Director - Examinations Office in conjunction with the Registrar’s office will provide final grades and term performance data to the Course Directors (Deans).

7. Grading systems

a. Grades awarded reflect the level of student attainment.

   i. The Grade notations used at S P Jain are letter grades A, B, C, D, PC (Pass Conceded) and F letter grades.
   ii. A-C are further divided in to 3 notches – e.g. letter grade A is further divided into 3 notches A+, A and A-.
   iii. A letter grade of PC is awarded in exceptional cases for a performance below that normally required for a pass. It is granted for a subject (unit) when the overall performance is considered to warrant such a concession and allows progression to
another unit for which the former unit is a prerequisite. A PC grade for a subject unit may be awarded at the joint discretion and decision of the Course Director (Dean) and Registrar subject to a recommendation by the Director- Examinations.

iv. The letter grade F reflects non-achievement of subject learning outcomes.

b. At the beginning of each subject, lecturers provide a written explanation of grading procedures. In general, a weighted average total of all the evaluation components are generated at the end of each subject for every student. Then students are graded relatively on a bell curve using a weighted average, comparing performance against their peers in the subject.

c. Letter grades denote the following range of performance:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Percentage of Class</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+ / A / A-</td>
<td>25%</td>
</tr>
<tr>
<td>B+ / B / B-</td>
<td>50%</td>
</tr>
<tr>
<td>C+ or lower</td>
<td>25%</td>
</tr>
</tbody>
</table>

Note: A+ and A denote the highest performance level.

d. Letter grades denote the following levels of performance:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.30</td>
</tr>
<tr>
<td>A</td>
<td>4.00</td>

</tr>
</tbody>
</table>

a. Additional letter grades apply in the following circumstances:
### Letter grade | Definition
---|---
Pass | Pass/fail grade only
Fail | Pass/fail grade only
I | Incomplete
E | Exemption
W | Withdrawn

b. Both absolute and relative grading methods may be used as detailed in Section 8.a and 8.b respectively.

c. The grading system is detailed in the course student handbook accessible to prospective students before they enrol in a course of study. It is also available to current students before they attempt assessment tasks.

d. All grades appear on academic records.

e. CGPA is the weighted average of all the grade points earned by a student in the course divided by the total number of credits in the course.

f. Subjects assessed on a pass/fail basis are not included in the CGPA.

g. Students who have not completed all requirements for a subject earn I (Incomplete) grade and may complete the respective subject later within the specified course completion period and earn appropriate credit.

h. Students who withdraw from a subject for personal reasons are awarded a W (Withdrawn) grade. Subject to approval by the Registrar students with an W grade may complete the respective subject later within the specified course completion period and earn appropriate credit.

j. As detailed in the Credit Transfer and Articulation Policy, credit granted for recognition of learning achieved with other academic institutions will not be included in the S P Jain transcript and will not be considered for the purpose of calculating the cumulative grade point average (CGPA). Details of credit granted will be recorded in the transcript with a grade of E indicating exemption.

### 8. Grading Methods

a. S P Jain uses both relative and absolute grading methodologies as detailed below in this Section.

b. Relative Grading

   i. The relative grading policy of S P Jain consists of 2 parts (A) and (B).
ii. In Part A, the assessment/grading policy is applicable for Face-to-Face (F2F) subjects (excluding simulation subjects, student projects, DBA coursework subjects and DBA thesis) where the class size of the students is 20 and more.

iii. In Part B, the assessment/grading policy is applicable for F2F subjects (simulation subjects, student projects DBA coursework subjects, and DBA thesis) where the class size of the students is less than 20.

iv. **Part (A):**

**Steps to Compute ‘A+’ to ‘F’ grade (for batch size 20 and more students)**

Marks will be standardised based on the size of the enrolled student cohort. The following breakdowns apply to calculations for courses with relative grading:

**Part A** applies to face-to-face (F2F) delivery where the student cohort is 20 or more.

**Step 1:** From the raw scores obtained by the students for each subject, construct a normal curve for all subjects having more than 20 observations.

**Step 2:** All students who have not secured a threshold minimum of 40 percent in the end term examination AND those who do not secure an overall of 40 percent (composite score) will obtain an “F” Grade.

**Step 3:** Using subject-wise average and standard deviation, compute scores corresponding to 2 Standard deviation: Subject-wise Raw Average Score – 2* Subject-wise Standard Deviation.

**Step 4:** Compute the bottom 5% of raw scores for each subject to determine the bracket consisting of ‘D’ and ‘F’.

**Step 5:** Not withstanding condition for F grade allocation mentioned in Step 2 above, Students obtaining scores 2 and below 2 standard deviation score will be assigned ‘F’ grade. Students obtaining scores more than 2 standard deviation scores, but falling within the bottom 5% bracket, will be assigned ‘D’ grade.
v. **Part B** applies to face-to-face (F2F) subjects where the student cohort is less than 20.

All students who have not secured a threshold minimum of 40 percent in the end term examination AND those who do not secure an overall of 40 percent will obtain an “F” Grade.

**Step 1:** Faculty are required to consider the ‘degree of difficulty’ and build this into its marking and evaluation systems.

**Step 2:** There must be a spread in every assessment task of at least six grade-points. For example, ‘A+’ to ‘B-’; ‘A-’ to ‘C’; ‘B-’ to ‘F’, etc.

**Step 3:** ‘B’ grade is taken as the mean.

### c. Absolute Grading

i. All online subjects, DBA subjects, simulation subjects, student projects and DBA thesis will use the absolute grading scale as detailed below:

<table>
<thead>
<tr>
<th>Score range</th>
<th>Letter grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>95–100</td>
<td>A+</td>
</tr>
<tr>
<td>90–94</td>
<td>A</td>
</tr>
<tr>
<td>85–89</td>
<td>A-</td>
</tr>
<tr>
<td>80–84</td>
<td>B+</td>
</tr>
<tr>
<td>75–79</td>
<td>B</td>
</tr>
<tr>
<td>70–74</td>
<td>B-</td>
</tr>
<tr>
<td>65–69</td>
<td>C+</td>
</tr>
<tr>
<td>60–64</td>
<td>C</td>
</tr>
<tr>
<td>50–59</td>
<td>C-</td>
</tr>
<tr>
<td>40–49</td>
<td>D</td>
</tr>
<tr>
<td>00–39</td>
<td>F</td>
</tr>
</tbody>
</table>

### 9. Re-tests

a. After the results and grades are declared on Blackboard / Peoplesoft and if permissible, students who have not met the rules for course progression may be given the opportunity to apply to the Director - Examinations Office to undertake a ‘re-test’ (i.e. re-sit an examination or re-submit an assessment). When applying for a re-test, students must clearly state the reasons for the re-test.

b. There will be no retest for subjects not having an end term exam/ semester examination e.g. Projects, Simulations, team-based activities etc. Students would need to redo the course or take the independent study (explained in point 11 and Appendix A) route to complete the course.
c. Students must pay the requisite fee for taking the retest, complete the Re-test Application Form and submit it to the Director - Examinations Office along-with the fee receipt.

d. The highest grade awarded at a re-test is a C+.

e. A re-test grade is considered final and it is included in the student’s CGPA.

f. Re-tests take place on scheduled dates arranged by the Director - Examinations Office.

g. The Campus Course Office, under the oversight of the Director - Examinations, will manage all re-tests and their grading by relevant academic staff.

h. The Campus Course Office will provide re-test scores to the Director - Examinations Office which will submit the revised grade to Examination Board for approval.

i. Following approval by the Examination Board, the Director - Examinations will upload the grades on Peoplesoft / Blackboard for Campus Course Office and Registrar’s office reference.

10. Re-evaluations

a. Students who are dissatisfied with their mid-term or final examination results may submit a Re-evaluation Request Form to the Director - Examinations.

b. There will be no re-evaluation for projects and simulations subjects.

c. The Director - Examinations will arrange for an independent assessor to re-assess the student’s responses. An Independent Assessment template is provided to the independent assessor.

d. Examination scripts may only be re-evaluated once, and the results awarded upon revised assessment will be considered as final.

11. Independent Study

In exceptional circumstances where a student is unable to complete a subject successfully for justifiable reasons acceptable to the School, such as absence from class on medical grounds or being awarded an "F" grade, he/she may apply for Independent Study as detailed in Appendix A.
12. Appeals Process

a. All decisions made by the School in relation to assessment and grading can be appealed through the processes set out under academic grievance in Student Grievance and Mediation Policy and Procedures.

13. Record Keeping

a. The Course Office keeps all assessments, examination papers and answer scripts.

b. The Director - Examinations also retains copies of all mid-term and final examination question papers for all courses.

c. Periodically, on completion of a course and as prescribed by the Registrar’s Office, the full set of assessment and answers scripts for each intake will be transferred from the Campus Course Office to the Registrar’s Office for centralised storage in accordance with the Records Management Policy.

Appendix A
Guidelines for Independent Studies (IS)
a. If a student is unable to improve the grades or is unable to complete the subject successfully, such a student may give a further opportunity to do an independent study at the discretion of the School, subject to a maximum of:

- Two independent studies for MBA (Global), MGB and MAIB courses during the entire course of study.
- A maximum of 1 independent study for MBA (Executive) course or Diploma in Business course
- A maximum of four independent studies for BBA course
- A maximum of three independent studies for BEC and BBC courses

b. No independent study is permitted for DBA coursework subjects.

c. A student who proposes to undertake an independent study for a subject must send a formal application to the Registrar’s Office expressing intention to do so with an explanation for the request duly supported with documentation for the request.

d. On receipt of an application, the Registrar in consultation with the Course Director (Dean) will decide as to whether the student’s request is a valid request and to approve or refuse the request.

e. For eligible students, the Dean will nominate a Faculty who will be the guide and mentor to the student.

f. The nominated Faculty will ensure the following:

  a. Fulfilment of contact hours
  b. Fulfilment of learning outcome
  c. Fulfilment of assessment type

g. Fulfilment of contact hours: The Faculty shall ensure that the contact hours are as prescribed in the course outline and that these are fulfilled by the combination of:

  a. personal contact with the student in chamber or electronically
  b. OR by a combination of personal contact and regular attendance in the library with in/out attestation by the librarian to authenticate the hours spent studying/researching the subject. The library hours may be documented through a log book maintained by the student.

  c. Assignment of tutorials through Academic Managers.

h. Fulfilment of learning outcome: It is of utmost importance that the nominated faculty ensures that the learning outcomes of the subject are not diluted. Towards this objective the faculty shall ensure:

  a. Matching of learning outcome with assessment type prescribed in the course outline
  b. Matching of learning outcome with weightage of marks allocated for the assessment type

    i. Fulfilment of assessment type, particularly final examination:

    The faculty shall set a standard question paper for the final examination, the difficulty level of which is equivalent to the final exam administered to other students.

j. Besides the above the faculty will also ensure that the student has acquired adequate knowledge and skills as stated in the course outline for the concerned subject. This can be ensured through prescribed textbooks and reading materials. This can also be ensured through assignments, quizzes, tests, etc.

k. The final exam paper set by the faculty shall be vetted as per the procedure laid for normal question papers administered to all students in the normal course.

l. The exam shall be independently invigilated by Academic Managers/Course Coordinators.

m. The faculty would be required to evaluate the paper and send the statement of marks covering the marks secured in the final examination, tests, quizzes, individual assignments, etc. This should be in line with the assessment type mentioned in the course outline.
n. The faculty would also be required to send a declaration through the Dean to the Director - Examination that all the requirements of the contact hours and the learning outcomes match the assessment type and weightage prescribed in the course outline have been complied with. The declaration needs to be attested to by the Dean.

o. The statement of marks and declaration by the faculty would be sent to the Course coordinators who in turn would forward the same to the Director - Examinations with a request to put forth the same to the Examination Board.

p. On reviewing the papers received, the Director - Examinations would put forth the same to the Examination Board.

q. The Examination Board would follow the usual procedure of grading the student and declaring the results.

r. The minutes of the Examination Board would be the place before the Academic Board for a final approval.

s. If the examination is a second attempt for the student, the highest grade that would be awarded would be a C+.
1. **Purpose and Scope**
   a. This Policy provides the broad framework for the rules of progression and course completion requirements for all the accredited degree courses offered by S P Jain School of Global Management (S P Jain).

2. **Guiding Principles**
   a. This policy is consistent with the Higher Education Standards Framework (Threshold Standards) 2015, Education Services for Overseas Students (ESOS Act 2000), Education Services for Overseas Students Regulations 2019 (ESOS Regulations 2019) and National Code 2018.
   b. The Policy will be applied fairly and consistently so that students will not be disadvantaged in achieving the expected learning outcomes for their course of study or qualification.
   c. The objectives of the Policy are to provide broad guidelines so as to:
      i. ensure that students have the necessary academic progression at the end of each term/semester (study period) in their course of study;
      ii. enable identification of students at risk who are not able to progress satisfactorily to enable informed advice and timely referral to academic or other support, and
      iii. Inform students (in particular, international students) of the importance of achieving satisfactory course progression and the possible consequences of unsatisfactory course progress.

3. **Progression guidelines**
   a. The progression guidelines at course level will specify for each term/semester the qualifying Grade/ Cumulative Grade Point Average (GPA/CGPA) and / or permitted
maximum number of D grades and/or F grades which will enable a student to progress to the next term.

b. In instances where the results of the previous term have not been released the student will be allowed to progress to the next term on a conditional basis. Once the grades for the previous term are declared, students who fail to meet the requirements for progression will be provided with opportunities to re-test in the subjects where they have obtained a grade lower than C. Students will need to meet the criteria for the previous term before they are permitted to continue to the next term.

a. In instances where the student has not achieved the qualifying criteria for a term, the Course Director (Dean) of the course and the Registrar may jointly permit the student to progress to the next term on a probationary basis.

b. The Registrar will issue letters and obtain student acceptance in all instances of probationary progress.

c. Course Directors (Deans) will provide update in their reports to the Academic Board.

d. Student performance will be monitored, and students considered to be ‘at risk’ of not progressing will be identified and supported as detailed in the Student at Risk Policy.

e. In instances described in 3 b and 3 c above, the student must achieve the requirement for the specific term/semester for which they have been conditionally progressed prior to being permitted to progress to the next term/semester.

f. For example, if a student is conditionally progressed from Semester 1 to Semester 2 then she/he must complete the qualifying criteria for Semester 1 during study period or holiday break of Semester 2, before he or she can progress to Semester 3.

4. Unsatisfactory Course Progress Reporting

a. It is noted that for international students studying in Australia, S P Jain is required by Australian regulations to systematically and closely monitor student course progress. International students whose progress is not assessed as satisfactory by the School, after implementing the foregoing at risk identification and remediation processes, will be reported to the Department of Education and the Department of Home Affairs through their Provider Registration and International Student Management System (PRISMS) as detailed in 4 c and 4 d.

b. Such a report to the authorities can lead to cancellation of the student’s visa, thereby invalidating the student’s right to stay in Australia as also detailed in the PRISMS and CoE Issuance, Suspension and Cancellation Procedures.
c. If the School assesses that the international student studying in Sydney as not meeting course progress requirements, it will give the international student a written notice as soon as practicable:
   i. notifying the international student of the intention to report the overseas student for unsatisfactory course progress;
   ii. the reasons for the intention to report, and
   iii. advise the international student of his/her right to access the School’s complaints and appeals process as detailed in the Student Grievance and Mediation Policy and Procedures, within 20 working days.

d. The School will only report such unsatisfactory course progress in PRISMS in accordance with section 19(2) of the ESOS Act if:
   i. the School’s complaints processes have been completed and the decision or recommendation supports the School’s decision, or
   ii. the student has chosen not to access the internal complaints and appeals process within the 20 working days period, or
   iii. the student has chosen not to access the external complaints and appeals process, or
   iv. the student has withdrawn from the internal or external appeals processes by notifying the registered provider in writing.

5. Cancellation or Suspension
   a. A student’s enrolment to the course may be cancelled or suspended including, but not limited to, on the basis of:
      i. non-academic student misconduct by the student as detailed in the Student Misconduct Policy and Procedures;
      ii. breach of academic integrity and academic misconduct as detailed in the Academic Integrity Policy and Procedures;
      iii. the student’s failure to pay an amount he or she was required to pay to undertake or continue the course as stated in the student offer-acceptance letter agreement; and/or
      iv. a breach by an international student in Australia of the course progress requirements.
   b. Before initiating a suspension or cancellation of an international student enrolment the School will inform the student of that intention and the reasons for doing so, as also their right to appeal within 20 working days and through the internal complaints and appeals process as detailed in the Student Grievance and Mediation Policy and Procedures.
   c. The suspension or cancellation of the international student’s enrolment will take effect only after the internal appeals process is completed, unless the international student’s health or wellbeing, or the wellbeing of others, is likely to be at risk.
8. **Completion Requirements**
   a. The completion requirements for each course will be specified with details as below:
      i. Required minimum cumulative grade point average (CGPA) at the end of last term / semester; and
      ii. Permitted maximum Ds and Fs in a term /semester and for the overall course duration; and
      iii. Where applicable the requirements for successful completion of an internship (Work Integrated Learning).

7. **Support for Completion requirements**
   a. Students will be provided with opportunities to clear their F grades including:
      i. Revaluation of their final exams
      ii. Retests
      iii. Independent Studies as per independent study guidelines detailed in the Assessment Validation, Grading and Moderation Policy and Procedures
      iv. Where possible re-enrolment in the unit of study

b. If a student still fails to meet the graduate requirements through these various avenues, then they are not eligible to graduate.

8. **Deferrals**
   a. The Deferral Policy details the grounds, guidelines and procedures for deferral requests by students.

9. **Appeals**
   a. Students who are dissatisfied with any decisions may lodge an appeal against that decision pursuant to the School’s ‘Student Grievance and Mediation Policy and Procedures’.

1. **Purpose**

The Library Resources Collection Development Policy is intended to guide the library's collection development activity in order to ensure that staff and students have access to the necessary academic resources to support their learning, development and scholarly endeavours. The policy ensures that the library develops and maintains a range of relevant, current and appropriate scholarly information to support staff and students. The policy is directly relevant to and supports the learning, teaching, research and scholarship endeavours of S P Jain School of Global Management (S P Jain).

2. **Scope**

The development of the School’s library’s learning resources collection is an inclusive program involving library and academic staff, as well as student users.

3. **Policy Principles**

a. The S P Jain libraries exist to support teaching and learning, academic endeavours and scholarship through the provision of appropriate learning resources, up-to-date and accurate information, and to provide services required by staff and students.

b. The libraries act as the most convenient point of access for the required materials and information. They actively seek to make library users aware of library resources and services, which are also made available electronically.

c. The libraries serve to provide and promote access to information resources that are integral to the scholarly endeavours of students, staff and researchers of the School.

d. The School’s libraries aim to have primarily electronic and digital resources. This will be achieved by purchasing electronic versions of material in preference to print or hardcopy versions. Electronic materials are available through the library catalogue and via the library knowledge portal on Blackboard 24/7.
e. The School may supplement access to broader collections by entering into collaborative partnerships with other libraries, educational and professional organisations to add value to the library services.
4. Collection Development and Review Process

a. The S P Jain library collections support the teaching, learning, scholarship and research of staff and students, through careful selection and purchase of learning resources.

b. Since library materials and information come in a wide variety of formats, the library fulfills its mission by buying materials in both print and non-print form. Multimedia and learning tools such as DVDs, e-journals, online simulations, case studies and CDs are examples of other resources being purchased for the collection.

c. When selecting materials, the librarian considers the relevance to the School’s programs, the learning outcomes of each course, the number of copies required to support the student cohort, the date of issue, the profile of the author, and whether the material is a seminal work and/or an emerging area of scholarship. The librarian will also consider:
   i. that materials are relevant, accessible and provided in a timely fashion
   ii. that materials represent diverse academic perspectives of pertinent topics and issues.
   iii. that materials are presented accurately, clearly, and in a readable manner.
   iv. Besides books, the library maintains an extensive collection of reference books, journals, magazines, DVDs, CDs, e-journals and electronic databases to meet the informational needs of the library patrons. The librarian will consider whether or not the material under consideration duplicates materials already in the library’s collection.

d. The S P Jain Librarians support the research and scholarly activities of staff and students through subscriptions of online resources and databases such as EBSCO business source complete, ProQuest Business complete, Euromonitor, Thomson Reuters Eikon terminals as well as subscriptions to premier business news sources.

e. The decisions of purchasing and acquisitions are made according to the teaching and learning needs of the faculty members and in consultation with the library staff, to ensure that all students readily have access to electronic and or physical library and information resources required to achieve their learning outcomes for their courses for all modes of delivery and degree levels.

f. Major library resource acquisitions will be made through consultation with the Learning, Teaching and Quality Assurance Committee (a subcommittee of the Academic Board) and if significant resources or unplanned expenditure is required, approval by the Board of Directors will be required.

g. For each subject that is delivered, the Libraries hold copies of the prescribed and recommended texts.

h. Other than in exceptional circumstances, all book orders and journal subscriptions for resources required as working tools or professional reference by staff will be purchased by the library staff.
i. The libraries provide targeted services that are aligned to developing the research priorities of the School and to support researchers and their activities.

j. The Library accepts gifts of materials that fall within the scope of the resource collection development policy and are approved by the Library Manager. Materials are accepted on the condition that the Library manages what is held and what is not needed, and where items will be shelved. Only items which will develop the collection are added.

k. The Librarians give preference to electronic subscriptions which allow greater access of electronic resources from any location.

l. The library welcomes suggestions for the purchase of materials. Suggestions will be subject to the same standards of selection as other considered materials.

m. On regular intervals, librarians conduct and seek feedback from its users about its collections and their relevance to school curriculum. On the basis of feedback from users and following ongoing review and replacement of collections to ensure currency and quality, updates will be made to each collection.

n. Deselection of library materials is essential to ensure an active, academically useful library collection. Deselection provides quality control for the collection by elimination of outdated, inaccurate, and worn-out materials. Library staff is responsible for conducting ongoing evaluation and for maintaining the quality of the collection. As an overall principle, the library will retain a single, 'last copy' of all titles held. Superseded editions will generally be withdrawn unless they continue to provide valuable, relevant information.

o. This Policy is reviewed and revised annually in order to reflect the changing information environment and the changing needs of students and staff of the School. This includes the review, stock take and weeding of all library items.
